

CAESAR

A DialogFlow Chatbot
for users in search of
tech devices

Created by Ama Ananaba

Caesar's objectives

- ❖ Guide tech product users as they explore the application
- ❖ Provide insight on the available products and services within the application
- ❖ Create a direct connection between users and desired products

Intents

Search intents

- Browse products
- Check Availability ▾
- 🔖 Fallback for Input errors
- Place Order
- Product Recommendation
- Track Order
- Welcome

CAESAR'S SERVICES

Services (also known as Intents) offered by Caesar help to provide efficient and organized guidance to the user of the application.

In the case of unavailable services or products, there are fallbacks in place to offer alternatives to the user.

Caesar

POWERED BY  Dialogflow

Hi, I'm Touraj

Hey, Touraj! I'm Caesar, I'll be your guide today. What are you in the market for?

Do you have the iphone 16 pro max?

In fact, we do! Would you like to place an order or customize the specifications of the iphone 16 Pro Max?

Ask something...

CAESAR'S USER INTERFACE (UI)
